

Lincoln-Way Central High School
Sponsorship and Donation Form

INFORMATION FORM 2026 – FTC-14683

Name of Club: **LWC-Robotics**

Sponsoring Organization: _____

Club Info This club is focused on developing students that are interested in all aspects of Engineering. Mechanical, Electrical, Physics and Math skills are all used to create a robot for competition. Teachers and outside mentors meet with Students weekly to design, program, build and test robots as well as bring real world experience within reach. CNC operation, 3D printing, fabrication, and proper tool usage are also covered. This is a hands-on group. All skill levels and Freshmen through Seniors are welcome to join.

What we do with the funds New Robot Kits, competition fees, materials, tools, T-Shirts, possibly scholarships, field trips, website, community outreach, computers, software and more...
